

WHITE PAPER INFO:

1. Introduction

Boss Chic Coin (BCC) is a Solana-based digital token created to support a growing ecosystem centered around **fashion, beauty, lifestyle, music, and culture**. The project emphasizes transparency, controlled supply management, and responsible early-stage price discovery.

Boss Chic Coin is designed to function as a participation and utility token within the broader **Boss Chic Coin ecosystem**, supporting creative communities and lifestyle-driven digital experiences.

2. Token Information (Technical Overview)

- **Token Name:** Boss Chic Coin
- **Ticker Symbol:** BCC
- **Blockchain:** Solana
- **Token Standard:** SPL (Solana Program Library)

Official Mint Address

YkDLrQ1c3WzBEBwMhtNvvFwUC758cE8PyP7CbqeiW5g

Boss Chic Coin (BCC) is deployed on the Solana blockchain using the SPL token standard. All users, platforms, and participants should verify the official mint address above before interacting with the token.

3. Supply & Circulation

Supply Structure

- **Total Supply:** 1,000,000,000 BCC
- **Circulating Supply:** Approximately 11,000,000–12,000,000 BCC
- **Reserve Supply:** Approximately 900,000,000+ BCC

Circulating supply consists only of tokens actively available in liquidity pools and user wallets.

Reserve tokens are held in designated **non-circulating wallets** and are not available for public trading. These tokens are excluded from circulating supply and market capitalization calculations.

Market capitalization for Boss Chic Coin is calculated using **circulating supply only**, not fully diluted supply.

4. Reserve Tokens & Release Policy

Reserve tokens are allocated to support the long-term growth and sustainability of the Boss Chic Coin ecosystem, including but not limited to:

- Ecosystem development
- Strategic partnerships
- Liquidity support
- Marketing and expansion initiatives
- Future platform integrations

Reserve tokens:

- Are not included in liquidity pools
- Are not tradable
- Are not accessible to the public market

Any future release of reserve tokens will follow a transparent and structured process aligned with clearly defined project milestones.

5. Liquidity & Trading

Boss Chic Coin is currently available for decentralized trading through liquidity pools on **Raydium**, utilizing the BCC / SOL trading pair.

Liquidity is introduced in a controlled manner to support early-stage price discovery while minimizing unnecessary volatility during the initial growth phase of the project.

6. Boss Chic Coin Ecosystem

The Boss Chic Coin Verse

The Boss Chic Coin ecosystem—referred to as the **Boss Chic Coin Verse**—is a creative digital environment that blends **fashion, beauty, lifestyle, and music** into a unified experience powered by Boss Chic Coin (BCC).

The ecosystem is designed to support cultural expression, creative participation, and community-driven engagement across multiple lifestyle verticals.

Ecosystem Participation

Participants in the Boss Chic Coin ecosystem may engage in a variety of activities, including but not limited to:

Explore & Shop

Users may access fashion, beauty, and lifestyle products through ecosystem platforms. Traditional payment methods may be accepted, with optional incentives or discounts available for users who choose to participate using Boss Chic Coin.

Community Engagement

The ecosystem supports creative communities, including artists, designers, musicians, dancers, and cultural contributors. Boss Chic Coin serves as a unifying digital element within this creative environment.

Accessible Onboarding

The project prioritizes accessibility for users who are new to blockchain technology. Educational resources and guided onboarding experiences may be provided to assist users in setting up digital wallets and engaging with the ecosystem responsibly.

Ecosystem Philosophy

The Boss Chic Coin ecosystem is built on the belief that digital assets can be used to support creativity, culture, and community when implemented transparently and responsibly.

Boss Chic Coin is intended to function as a **participation and utility token** within this ecosystem and is not designed or marketed as an investment vehicle.

Getting Started

Users interested in learning more about the Boss Chic Coin ecosystem may explore the official Boss Chic Coin website and ecosystem pages to understand available features, participation options, and community initiatives.

Participation in the ecosystem is optional and may evolve over time as the project grows.

7. Risk Disclosure

Participation in decentralized digital assets involves inherent risks, including price volatility, liquidity constraints, and market uncertainty.

Users should carefully evaluate their participation and conduct independent research before interacting with the token or ecosystem.

8. Disclaimer

Boss Chic Coin (BCC) is not a security, investment contract, or financial instrument. Nothing in this white paper constitutes financial, legal, or investment advice.

Users are responsible for verifying all contract addresses and understanding the risks associated with decentralized blockchain assets.
